

KTITE Mohammmmed

Full-Stack Developer | Web & Mobile

• **Email:** ktite.m3@gmail.com • **Phone:** +(212) 631 756678 • **Linkedin :** mohammed-ktite

Summary

I bring a diverse skill set to the table, specializing in impactful digital experiences for the financial and B2B sectors. My passion lies in crafting robust applications that blend technical execution with strategic business goals. I am dedicated to continuous learning and growth, consistently leveraging modern technologies to solve complex challenges.

Experience

Inforisk · SA
Developer IT

Casablanca, Morocco
February 2025 – Present

- Analytix mobile Android/iOS

Led the end-to-end development of a financial risk management application from initial UI/UX prototyping in Figma to production deployment.

Built the frontend in Flutter and Dart using Provider/Bloc for state management, and implemented a real-time push notification system.

Developed the supporting RESTful APIs and backend business logic using Spring Boot. Managed all configuration, versioning, and release deployments directly to the Apple App Store and Google Play Store.

- Ma conformite Web App

Developing comprehensive financial and compliance tools. Building Analytix mobile application and Maconformite.ma B2B compliance platforms.

Architecting backend services and responsive frontends while bridging the gap between business objectives and technical execution.

TelecoMaroc
Developer IT

Casablanca, Morocco
July 2023 – March 2024

- E-Commerce Platform

Led the conception and development of an e-commerce website Groupe teleco marcoc for the telecommunications sector, including the product catalog, order management workflows, and secure payment integrations.

- Site Vitrine Corporate

Conception et développement full-stack du site web institutionnel mettant en valeur l'expertise de l'entreprise en infrastructures réseaux, télécommunications et sécurité informatique, en gérant l'ensemble du cycle de vie de l'application, des maquettes initiales à la mise en production.

- Marketing Digital & Optimisation SEO

Mise en pratique de mon expertise en marketing pour la création de campagnes d'emailing responsives destinées à la communication client. Exécution des optimisations SEO on-page pour maximiser la visibilité des services sur les moteurs de recherche.
